Dear Dear

Four letter BPS-2270-60 dated 21 March 1960 refers to exception takes to the method of allocation of property tax credits. We definitely disagree with such exception.

We have not heard yet from DOD in response to our settlement proposal to them; so, it is conjectural when that will be resolved. I would guess it might well be this summer.

Meanwhile, as suggested in your letter we will defer payment of the so-called deferred amounts.

Yery truly yours,
